**AWEX Comment (Final)**

**Merino Fleece:** The final Fremantle wool sale before the annual mid-year three-week recess has performed strongly today. The broader microns attracted the greatest support and as result have recorded the largest increases, 20.0 to 22.0 micron were generally 25 to 30 cents dearer. 18.0 to 19.5 micron generally sold at levels 5 to 10 cents above those achieved at the previous sale. Most sellers were keen to accept the prices on offer, just over 5% of the fleece was passed in.

**Merino Skirtings:** A limited offering was generally unchanged.

**Crossbreds:** Insufficient to quote.

**Oddments:** Locks, stains and crutchings were fully firm.
